

FROM WARM BATH TO WARM FLOOR

No more stepping out from your warm bath or shower onto a cold floor when you have **Cosyfloor**[™] or Ecofloor underfloor heating installed in the bathroom. Underfloor heating provides comfortable warmth. It is unobtrusive, easy to install and is maintenance free. The temperature can be controlled with either on/off or programmable thermostats with floor sensors. The systems are both earth screened so they can be safely used in bathrooms or wet rooms.

PRICES START AT £29 PER SQUARE METRE.
